SUBJECT INDEX

Accreditation
Direct Outcome-Based Assessment Measures, J. D. Bakos, Jr., EI Jan. 96, p31-34.

Algorithms
Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Analysis
Between the Devil and the Deep Blue Sea: A Tale of Two Scientific (?) Analyses, T. R. Muraleedharan, EI Jan. 96, p1-5.

Asia
International Postgraduate Program of Water Resources Engineering in Asia, Thian Yew Gan, EI Jan. 96, p6-11.

Automation
Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Beams
On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Benefit cost analysis
Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Cantilevers
On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Certification
Certificate Program in Construction Engineering and Management, Amarjit Singh and Harold S. Hamada, EI July 96, p114-122.

Civil engineering
Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

Comments on the Movie "Apollo 13", Brian Brenner, EI Apr. 96, p53-54.

Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Emerging High-Tech Areas of Civil Engineering Attract Women, Wesley Scott and Walter Boles, EI Jan. 96, p42-43.

On the Shoulders of Giants—Part II, Francis E. Griggs, Jr., EI Jan. 96, p17-25.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Civil engineers
The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Moonlighting: Ethical Issues for Professional Engineers, Andrew M. Hui, EI Jan. 96, p39-40.

Statute of Limitations for Civil Engineering Liability, Robert W. Day and Michael M. Angello, EI Apr. 96, p86-88.

Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Communication skills
Argument Against Separate Writing Courses for Engineers, Terry Clayton, EI July 96, p111-113.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Community development
Engineering in Context: Engineering in Developing Countries, Laura Brigitte Parsons, EI Oct. 96, p170-176.

Computer applications
Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Construction
Certificate Program in Construction Engineering and Management, Amarjit Singh and Harold S. Hamada, EI July 96, p114-122.

Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Construction industry
Design Quality Management Activities, Abdulaziz A. Bubshait and Ahmad Al-Abdulrazzak, EI July 96, p104-106.

Industry-University Partnerships for Construction Engineering Education, Robert K. Tener, EI Oct. 96, p156-162.

Construction management
Certificate Program in Construction Engineering and Management, Amarjit Singh and Harold S. Hamada, EI July 96, p114-122.

Consulting engineers
Design Quality Management Activities, Abdulaziz A. Bubshait and Ahmad Al-Abdulrazzak, EI July 96, p104-106.

Continuing education
Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Conversion
Should Conversion to SI System Continue to be Debated? Autar K. Kaw and Melissa Daniels, EI Apr. 96, p69-72.

Cooperative education
Industry-University Partnerships for Construction Engineering Education, Robert K. Tener, EI Oct. 96, p156-162.

Creativity
Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Curricula
Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Direct Outcome-Based Assessment Measures, J. D. Bakos, Jr., EI Jan. 96, p31-34.

Forum, EI July 96, p95-103.

Forum, EI Oct. 96, p139-146.

Industry-University Partnerships for Construction Engineering Education, Robert K. Tener, EI Oct. 96, p156-162.

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

On the Shoulders of Giants—Part II, Francis E. Griggs, Jr., EI Jan. 96, p17-25.

Professional Registration of Engineering Technologists, Matthew A. Dettman, EI Apr. 96, p51-52.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Dam safety
Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Data processing
Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Decision making
Between the Devil and the Deep Blue Sea: A Tale of Two Scientific (?) Analyses, T. R. Muraleedharan, EI Jan. 96, p1-5.

Design
Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Design Quality Management Activities, Abdulaziz A. Bubshait and Ahmad Al-Abdulrazzak, EI July 96, p104-106.

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Developing countries
Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

Engineering in Context: Engineering in Developing Countries, Laura Brigitte Parsons, EI Oct. 96, p170-176.

Disaster relief
Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

Disasters
Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

Economics
Should Conversion to SI System Continue to be Debated? Autar K. Kaw and Melissa Daniels, EI Apr. 96, p69-72.

Education
Need to Understand Foreign Education in Evaluating for P.E. Licensure, Joe O. Akinmusuru and Bosede O. Akinmusuru, EI Jan. 96, p26-30.

On the Shoulders of Giants—Part II, Francis E. Griggs, Jr., EI Jan. 96, p17-25.

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Employee relations
Is Moonlighting or Donating Professional Engineering Services Ethical? Thomas W. Lynch, EI Jan. 96, p37-38.

Moonlighting: Ethical Issues for Professional Engineers, Andrew M. Hui, EI Jan. 96, p39-40.

Providing Engineering Services to Nonemployers: An Ethical Balance, David P. Brosnan, EI Jan. 96, p35-36.

Employment
Providing Engineering Services to Nonemployers: An Ethical Balance, David P. Brosnan, EI Jan. 96, p35-36.

Employment conditions
Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Engineering
Engineering in Context: Engineering in Developing Countries, Laura Brigitte Parsons, EI Oct. 96, p170-176.

Engineering education
Argument Against Separate Writing Courses for Engineers, Terry Clayton, EI July 96, p111-113.

Certificate Program in Construction Engineering and Management, Amarjit Singh and Harold S. Hamada, EI July 96, p114-122.

Comments on Quality Management and Civil Engineering Education, Charles H. Samson, EI Apr. 96, p52.

Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Direct Outcome-Based Assessment Measures, J. D. Bakos, Jr., EI Jan. 96, p31-34.

Engineering Education: Paragon or Paradox? Robert D. Kersten, EI Oct. 96, p147-150.

Forum, EI July 96, p95-103.

Forum, EI Oct. 96, p139-146.

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Industry-University Partnerships for Construction Engineering Education, Robert K. Tener, EI Oct. 96, p156-162.

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

International Postgraduate Program of Water Resources Engineering in Asia, Thian Yew Gan, EI Jan. 96, p6-11.

National Reserach Council Symposium on Major Issues in Engineering Education, Peter G. Hoadley, EI Apr. 96, p51.

On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Engineers

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Environmental impact statements

Between the Devil and the Deep Blue Sea: A Tale of Two Scientific (?) Analyses, T. R. Muraleedharan, EI Jan. 96, p1-5.

Environmental impacts

Between the Devil and the Deep Blue Sea: A Tale of Two Scientific (?) Analyses, T. R. Muraleedharan, EI Jan. 96, p1-5.

Environmental issues

The Dying of the Trees: The Pandemic in America's Forests by Charles E. Little, Brian R. Brenner, EI July 96, p136-137.

Ethics

Between the Devil and the Deep Blue Sea: A Tale of Two Scientific (?) Analyses, T. R. Muraleedharan, EI Jan. 96, p1-5.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Ethics in Graduate Education, Gregory D. Reed, EI Apr. 96, p53.

Is Moonlighting or Donating Professional Engineering Services Ethical? Thomas W. Lynch, EI Jan. 96, p37-38.

Moonlighting: Ethical Issues for Professional Engineers, Andrew M. Hui, EI Jan. 96, p39-40.

Providing Engineering Services to Nonemployers: An Ethical Balance, David P. Brosnan, EI Jan. 96, p35-36.

Experimental design

Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Flexure

On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Floods

Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Foreign engineering

Need to Understand Foreign Education in Evaluating for P.E. Licensure, Joe O. Akinmusuru and Bosede O. Akinmusuru, EI Jan. 96, p26-30.

Forests

The Dying of the Trees: The Pandemic in America's Forests by Charles E. Little, Brian R. Brenner, EI July 96, p136-137.

Government

The Importance of Civil Engineering Leadership in the Government Sector, Marvin H. Hilton, EI Apr. 96, p53.

Graduate study

Certificate Program in Construction Engineering and Management, Amarjit Singh and Harold S. Hamada, EI July 96, p114-122.

Engineering Education: Paragon or Paradox? Robert D. Kersten, EI Oct. 96, p147-150.

Ethics in Graduate Education, Gregory D. Reed, EI Apr. 96, p53.

International Postgraduate Program of Water Resources Engineering in Asia, Thian Yew Gan, EI Jan. 96, p6-11.

National Reserach Council Symposium on Major Issues in Engineering Education, Peter G. Hoadley, EI Apr. 96, p51.

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Hazardous materials

Training of Highway Maintenance Personnel for Hazmat Incident Response, Eugene R. Russell, Sr., EI Apr. 96, p83-85.

Highway maintenance

Training of Highway Maintenance Personnel for Hazmat Incident Response, Eugene R. Russell, Sr., EI Apr. 96, p83-85.

History

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

On the Shoulders of Giants—Part II, Francis E. Griggs, Jr., EI Jan. 96, p17-25.

On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Implementation

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

Should Conversion to SI System Continue to be Debated? Autar K. Kaw and Melissa Daniels, EI Apr. 96, p69-72.

Infrastructure

International Postgraduate Program of Water Resources Engineering in Asia, Thian Yew Gan, EI Jan. 96, p6-11.

Reengineering Infrastructure Research, F. H.(Bud) Griffis, EI Jan. 95, p11-18.

Innovation

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

International factors

Should Conversion to SI System Continue to be Debated? Autar K. Kaw and Melissa Daniels, EI Apr. 96, p69-72.

Laws

Statute of Limitations for Civil Engineering Liability, Robert W. Day and Michael M. Angello, EI Apr. 96, p86-88.

Leadership

Forum, EI Oct. 96, p139-146.

The Importance of Civil Engineering Leadership in the Government Sector, Marvin H. Hilton, EI Apr. 96, p53.

Liability

Statute of Limitations for Civil Engineering Liability, Robert W. Day and Michael M. Angello, EI Apr. 96, p86-88.

Licensing

Need to Understand Foreign Education in Evaluating for P.E. Licensure, Joe O. Akinmusuru and Bosede O. Akinmusuru, EI Jan. 96, p26-30.

Limiting factors

Statute of Limitations for Civil Engineering Liability, Robert W. Day and Michael M. Angello, EI Apr. 96, p86-88.

Management

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

Management engineering

Forum, EI Oct. 96, p139-146.

Measuring instruments

Direct Outcome-Based Assessment Measures, J. D. Bakos, Jr., EI Jan. 96, p31-34.

Metric systems

Should Conversion to SI System Continue to be Debated? Autar K. Kaw and Melissa Daniels, EI Apr. 96, p69-72.

Open channel flow

On the Shoulders of Giants—Part II, Francis E. Griggs, Jr., EI Jan. 96, p17-25.

Partnerships

Industry-University Partnerships for Construction Engineering Education, Robert K. Tener, EI Oct. 96, p156-162.

Personnel development

Training of Highway Maintenance Personnel for Hazmat Incident Response, Eugene R. Russell, Sr., EI Apr. 96, p83-85.

Political factors

The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

Problem solving

Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Professional advancement

Part-Time Graduate Education: Obstacles, Conflicts, and Suggestions, Allen P. Davis and Richard H. McCuen, EI Apr. 95, p108-113.

Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Professional development

Engineering Education: Paragon or Paradox? Robert D. Kersten, EI Oct. 96, p147-150.

On the Shoulders of Giants—Part Three, Francis E. Griggs, Jr., EI Apr. 96, p55-64.

Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Professional practice

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Forum, EI Oct. 96, p139-146.

The Importance of Being Historical: Civil Engineers and Their History, Jane Morley, EI Oct. 94, p419-428.

Is Moonlighting or Donating Professional Engineering Services Ethical? Thomas W. Lynch, EI Jan. 96, p37-38.

Moonlighting: Ethical Issues for Professional Engineers, Andrew M. Hui, EI Jan. 96, p39-40.

Need to Understand Foreign Education in Evaluating for P.E. Licensure, Joe O. Akinmusuru and Bosede O. Akinmusuru, EI Jan. 96, p26-30.

Providing Engineering Services to Nonemployers: An Ethical Balance, David P. Brosnan, EI Jan. 96, p35-36.

Professional registration

Forum, EI Oct. 96, p139-146.

Need to Understand Foreign Education in Evaluating for P.E. Licensure, Joe O. Akinmusuru and Bosede O. Akinmusuru, EI Jan. 96, p26-30.

Professional Registration of Engineering Technologists, Matthew A. Dettman, EI Apr. 96, p51-52.

Professional role

The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

The Importance of Civil Engineering Leadership in the Government Sector, Marvin H. Hilton, EI Apr. 96, p53.

Professional services

Is Moonlighting or Donating Professional Engineering Services Ethical? Thomas W. Lynch, EI Jan. 96, p37-38.

Public health

Making Waves by Edward Wenk, Jr. Dan H. Pletta, EI July 96, p136.

Public opinion

Comments on the Movie "Apollo 13", Brian Brenner, EI Apr. 96, p53-54.

Public policy

Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Public safety

Making Waves by Edward Wenk, Jr. Dan H. Pletta, EI July 96, p136.

Public welfare

Engineering in Context: Engineering in Developing Countries, Laura Brigitte Parsons, EI Oct. 96, p170-176.

Making Waves by Edward Wenk, Jr. Dan H. Pletta, EI July 96, p136.

Quality control - management

Comments on Quality Management and Civil Engineering Education, Charles H. Samson, EI Apr. 96, p52.

Design Quality Management Activities, Abdulaziz A. Bubshait and Ahmad Al-Abdulrazzak, EI July 96, p104-106.

Direct Outcome-Based Assessment Measures, J. D. Bakos, Jr., EI Jan. 96, p31-34.

Recruiting

Emerging High-Tech Areas of Civil Engineering Attract Women, Wesley Scott and Walter Boles, EI Jan. 96, p42-43.

Reports

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.

Research

Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Reengineering Infrastructure Research, F. H.(Bud) Griffis, EI Jan. 95, p11-18.

Research management

Reengineering Infrastructure Research, F. H.(Bud) Griffis, EI Jan. 95, p11-18.

Response time

Training of Highway Maintenance Personnel for Hazmat Incident Response, Eugene R. Russell, Sr., EI Apr. 96, p83-85.

Responsibility

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Statute of Limitations for Civil Engineering Liability, Robert W. Day and Michael M. Angello, EI Apr. 96, p86-88.

Risk analysis

Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Robotics

Construction Automation and Robotics in Civil Engineering Education Programs, Walter W. Boles and Jing Wang, EI Jan. 96, p12-16.

Emerging High-Tech Areas of Civil Engineering Attract Women, Wesley Scott and Walter Boles, EI Jan. 96, p42-43.

Social impact

Engineering in Context: Engineering in Developing Countries, Laura Brigitte Parsons, EI Oct. 96, p170-176.

Making Waves by Edward Wenk, Jr. Dan H. Pletta, EI July 96, p136.

Social needs

The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

Ethical Responsibilities of Engineering Profession, Mark J. Holliday, EI July 94, p270-272.

Sociological factors

Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

South Africa

The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

Spillways

Dam Safety Policy for Spillway Design Floods, James R. Dubler and Neil S. Grigg, EI Oct. 96, p163-169.

Standards

Engineering Education: Paragon or Paradox? Robert D. Kersten, EI Oct. 96, p147-150.

Surveys, data collection

Design Quality Management Activities, Abdulaziz A. Bubshait and Ahmad Al-Abdulrazzak, EI July 96, p104-106.

Emerging High-Tech Areas of Civil Engineering Attract Women, Wesley Scott and Walter Boles, EI Jan. 96, p42-43.

Systems

Reengineering Infrastructure Research, F. H.(Bud) Griffis, EI Jan. 95, p11-18.

Teaching methods

Argument Against Separate Writing Courses for Engineers, Terry Clayton, EI July 96, p111-113.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.

Integrated Civil Engineering Curriculum: Implementation and Management Issues, Neil S. Grigg, Marvin E. Criswell and Thomas J. Siller, EI Oct. 96, p151-155.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Technology

Enhancing Creativity when Solving Contradictory Technical Problems, Sergey Drabkin, EI Apr. 96, p78-82.

Technology transfer

Civil Engineering and Disaster Responses in Developing Countries, Egon B. Westen, EI Apr. 96, p89-92.

Theories

Forum, EI Oct. 96, p139-146.

Training

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Training of Highway Maintenance Personnel for Hazmat Incident Response, Eugene R. Russell, Sr., EI Apr. 96, p83-85.

Trees

The Dying of the Trees: The Pandemic in America's Forests by Charles E. Little, Brian R. Brenner, EI July 96, p136-137.

Undergraduate study

Forum, EI July 96, p95-103.

National Reserach Council Symposium on Major Issues in Engineering Education, Peter G. Hoadley, EI Apr. 96, p51.

Recent Innovations in Undergraduate Civil Engineering Curriculums, Joy M. Pauschke and Anthony R. Ingraffea, EI July 96, p123-133.

Urban development

The Engineering Profession as a Major Role Player in the New South African Political Order, Kevin Wall, EI Apr. 96, p73-77.

Volunteers

Is Moonlighting or Donating Professional Engineering Services Ethical? Thomas W. Lynch, EI Jan. 96, p37-38.

Moonlighting: Ethical Issues for Professional Engineers, Andrew M. Hui, EI Jan. 96, p39-40.

Providing Engineering Services to Nonemployers: An Ethical Balance, David P. Brosnan, EI Jan. 96, p35-36.

Water resources

International Postgraduate Program of Water Resources Engineering in Asia, Thian Yew Gan, EI Jan. 96, p6-11.

Women

Emerging High-Tech Areas of Civil Engineering Attract Women, Wesley Scott and Walter Boles, EI Jan. 96, p42-43.

Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Working conditions

Design—Cornerstone of Your Career: Advice for Young Engineers, Rodney Attwood, EI July 94, p241-245.

Women in Civil Engineering and Science: It's time for Recognition and Promotion, V. L. Khazanet, EI Apr. 96, p65-68.

Writing

Argument Against Separate Writing Courses for Engineers, Terry Clayton, EI July 96, p111-113.

Context for Writing in Engineering Curriculum, Matthew R. Kuhn and Karen Vaught-Alexander, EI Oct. 94, p392-400.

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.

Writing papers

Honing the Writing Skills of Engineers, P. M. Berthouex, EI July 96, p107-110.
